THE SEASON OF GIVING

A gift guide for the people who matter most

The holidays are a chance to mark the year with something that lasts. In these pages you will find our 2026 holiday selection: fine jewelry in 14K gold, set with natural diamonds, lab-grown diamonds, gemstones and cultured pearls, arranged by price and by the kind of gift you have in mind.

Each piece lists its metal and, where it is set with stones, whether they are natural or lab-grown. Prices are shown in U.S. dollars. Where a piece comes in several metals, sizes or carat weights, we show the starting price. Rings are offered in the sizes shown on each piece; for other sizes, contact our Concierge.

Tracked, discreet delivery

Free standard shipping on U.S. orders of $75 or more. Full tracking on every order.

30-day returns

Unworn pieces in their original packaging may be returned within 30 days of delivery. Some exclusions apply; see the last page.
